

Infant Toddler Guidelines Training

Presented by Caitlin Hackett

- March 4th** **Infant & Toddler Guidelines: Module 4: Social Development**
6:30-9:00pm
Through lecture, video, group discussion, & small group activity, based upon Ohio's I/T Guidelines, participants will gain a better understanding of how the connection of infants and toddlers to adults and children around them shape their interactions, skills, and abilities. Care giving strategies to support social development will also be shared.
- March 11th** **Infant & Toddler Guidelines: Module 2: Physical Health**
6:30-9:00pm
Through lecture, video, group discussion, & small group activity, based upon Ohio's I/T Guidelines, participants will learn how children's physical health impacts development. Care giving strategies to help young children achieve optimal physical health while allowing children to explore and connect with the world around them will be discussed.
- March 25th** **Infant & Toddler Guidelines: Module 3: Emotional Development**
6:30-9:00pm
Through lecture, video, group discussion, & small group activity, based upon Ohio's I/T Guidelines, participants will further deepen their understanding of the emotional development of infants and toddlers, including the importance of attachment, and how children develop self awareness and self regulation. Participants will discuss how this knowledge can be translated into emotionally supportive care giving practices.
- April 1st** **Infant & Toddler Guidelines: Module 5: Motor Development**
6:30-9:00pm
Through lecture, video, group discussion, & small group activity, based upon Ohio's I/T Guidelines, participants will study typical, as well as variations in, small, large motor and oral motor development. Care giving strategies to enhance young children's motor skills, exploration and learning through movement will be discussed.
